

PLANET EARTH - EVERYTHING'S HOME

[eTwinning Live](#)

OBIECTIVE

SIDE GOALS:

- Development of the research and exploration abilities regarding the living world by observing mankind's impact on the biodiversity and bioconservation
- Bringing to light problems generated by pollution
- Forming and promoting bio-friendly behaviour
- Promotion critic and creative thinking;
- Aesthetic sense development;
- Promotion of a competition spirit between participants;
- Active implication of parents in children's educative process;

PROCEDURĂ DE LUCRU

SECTION I - Scrapbooking, as far as April 2019, addressed only to pupils in the primary school (6 – 11 years old). On A4, with different materials, preferably recyclable, with two children + two parents

in the same class, the pupils will make with the parents one of the following themes: greeting cards, collages, paintings, ornaments with natural materials or recyclables.

SECTION II - "Green Ideas for the Blue Planet" - literary creation, for grades II-XII (8-18 years), with a Teachers can participate with two contestants.

Students can participate in literary works (essay, compositions, poetry, rebus, with themes of their choice) that will be posted on twin space and will be sent electronically to: planetapamantcasaturor@yahoo.ro sent by April 2019.

SECTION III - "More green, more blue", the artistic and plastic section comprising: painting, collage, drawing, comics, poster, mixed technique - addressed to preschoolers and classes CP-XII (3 - 18 years) April 2019

REZULTATE PRECONIZATE

Communication between project partners will be ensured through a public twinspace. Every participant school has to select 2 of the contestants's papers and submit them to our school's address (Scoala Gimnaziala „Alexandra Nechita” / Strada Păcii nr.1, code 730232, Vaslui, Romania).

All plastic and literary creations will be included in the project magazine.
